

# North Carolina Youth Camp Association

## BUSINESS SUPPORTER POLICIES

The North Carolina Youth Camp Association is founded to serve the organized camps that operate in North Carolina. As an industry member organization, it strives to claim all North Carolina residential camps, day camps, and adventure programs as members. The NCYCA funds its core efforts through annual Business Supporter dues.

Businesses who supply products or services to camps in North Carolina are welcome to join the NCYCA as a Business Supporter. Becoming an NCYCA supporter demonstrates an organization's commitment to strengthening and expanding the educational, environmental and recreational opportunities for children summer camps in North Carolina provide.

There are three supporter levels, each with a set of services, benefits and dues. Business dues are paid annually and are used to support the NCYCA's core efforts.

**Help support North Carolina's organized camps, improve the local economy, and increase your organization's marketing opportunities by becoming an NCYCA Business Supporter.**
